

INTRODUCTION

Shimu Phuntastic or SHIMU is one of the first fun projects from members of the IOTA community. It will run on the most advanced and ambitious tech in the crypto Universe – The IOTA layer 1 network – Initially will run on IOTA EVM on layer 2.

The new crypto world is about having fun and exploring exciting new opportunities in gaming, art, and media. However, the traditional blockchains are a bottleneck. They are slow, cost a fortune, and use a tremendous amount of energy. Fortunately, all these traditional blockchain problems are solvable. Shimu is fast, low fees (IOTA network fees) by leveraging the IOTA technology and network

In the fully developed environment, we intent to support gaming, smart contract handling, NFT's, Metaverse applications and many other functionalities through the vast network of supporting companies in the crypto sphere. Cooperation with DEX's and traditional exchanges will ensure Shimu is easily attainable.

Most important: There are miniscule fees in using Shimu on the IOTA network. Your SHIMUS are yours to do with as you please without any restrictions. The more we use/trade SHIMUS, the more we will grow.

Shimu will be community driven. The community members that want to engage in the development of the ecosystem can become part of the community. Determine the future of Shimu and decide how to use the community treasury. Join us on Discord and other social media channels. Get to know us and engage! The future of Shimu is in your hands. **Everybody is welcome, anybody can join.**

LEGAL DISCLAIMER

This is a living document, and information is up to date at the time of publishing. Please note information herein does not constitute investment advice, financial advice, trading advice, or any other sort of advice and you should not treat any of the content as such.

The Shimu team suggests you conduct your own due diligence and consult your financial advisor before making any investment decisions. By purchasing any Shimu product, you agree that you are not purchasing a security or investment and you agree to hold the team harmless and not liable for any losses or taxes you may incur. You also agree that the team is presenting the products "as is" and is not required to provide any support or services. You should have no expectation of any form from the Shimu Ecosystem and its team. Although Shimu is a community driven Defi Ecosystem and not a registered digital currency, the team strongly recommends that citizens in areas with government bans on Crypto do not purchase it because the team cannot ensure compliance with your territory's regulations.

Always make sure that you are following your local laws and regulations before you make any purchase.

VISION

Technology

Shimu will make use of the technology available through the developments in the IOTA ecosystem (Rebased). Through their protocols which serves as back-end, interoperability with a vast network of applications is ensured. People can obtain Shimu on DEX's and centralized exchanges, when available. The tokens are planned to be directly usable in some games, NFT platforms, or for peer-to-peer sharing.

Community

How do you drive community involvement? Give them the power to decide about what to develop. The Community Treasury will allow the community to actively participate in the development of the ecosystem. The Shimu community members holding any Shimu NFT's and Shimu tokens will get the opportunity to determine based on consensus how developers are rewarded and what new initiatives should be supported. It is in the hands of the enthusiastic and driven community members. We already have the support of a vast and active community and we are set to grow. **Everybody is welcome, anybody can join.**

The Future: The decentralized Digital Identity Fun token – delDigital

The founders and developers are planning to transform Shimu into a decentralized Digital Identity (fun) token for entertainment & gaming usage where age verification is required.

ROADMAP

Phase I – Rebirth (completed)

- Reborn from Shimmer Inu, which was founded in December 2021
- Token Genesis
- Planning Token distribution among the community

Phase II – Winter 2024/25

- CEX/DEX Exchange listing
- Introduction of Partnerships
- SHIMU token wallet integration(s)
- Token distribution to NFT holders
- Adding real utility value to specific NFT's

Phase III – Spring 2025

- Adding exchanges
- Staking Rewards
- Gaming introduction
- Community Development & Voting

Phase IV – Summer 2025

- Creation of Apparel division
- Creation of Gaming division
- Gaming, arts, media support through SHIMU
- Further Exchange listings

TOKENOMICS

Summary:

Shimu will be listed as SHIMU

100,000,000,000 SHIMUs were created in the Genesis event on Dec 7th, 2024. This was a one-time event. The creators then decided to reduce supply to 1,000,000,000 tokens instead (The rest was burnt). Supply will not be increased for any other reason other than staking. There will be great focus on rewarding the community and promote the Shimu and IOTA ecosystems.

Distribution:

▶ 45% allocated for NFT Airdrops, staking, and rewards. (27% OG3333, 17% SE2222, 1% Promo)

▶ 15% (Founders, and Initial Exchange Liquidity)

▶ 25% Community Treasury (i.e. Content Dev. & Marketing)

▶ 15% Treasury (i.e., Partnerships, Content Dev, Marketing))

THANK YOU!
